Dear sir,

Sub: Request to accept Nozzle projection
Ref: Tag no. V-6017

With reference to above subject, projection of nozzles N14 & N15 (Earthing nozzle) has not mentioned in approved drawing. We have kept projection as 180 mm from inside shell.

We had follow balance shell nozzle projection (i.e. 180 mm from inside surface) for above nozzles also.

Kindly request you to accept and confirm by return mail, So that we can approach TPIA for IRN.

Regards,

DC Patil // Jerin Jooby
