Disclaimer: This IVR shall not be considered as final acceptance of inspected item(s). The final acceptance will be given through Inspection Release Note.

The inspection by TVV India Pvt. Ltd., review of Test Certificates / Reports and issue of inspection Visit Report does not relieve the Client / Supplier / Manufacturer / Stockiest from their responsibility towards the Client / End Ustrio responsible for genuine material / Item(s) and document(s) in full compliance with applicable Order, Specification, Technical, Quality, Quantity, Warranty, Guarantee requirements. Supplier / Manufacturer / stockiest is wholly leading responsible for genuineness of the material / Item(s) supplied and document(s) submitted. TÜV India's responsibility is only limited to correctness of inspection results including review of the documents, within its agreed scope against written requirements and neither TUV India nor any of its group companies, associates or employees are in any way! legally responsible for genuineness of the material / Item(s) and document(s). If the calibration certificate(s) for the measuring instrument(s) - equipment(s) used during inspection do not have traceability to NABL / Other certifying bodies, then the scope of review is limited only to technical content in the calibration certificate.

- 1) Other Certifying bodies are: NPL-India, CIPM (International Committee for Weights & Measures), ILAC & APLAC MRA Signatories.
  2) Visiting inspector to ensure continued suitability for intended use, periodic maintenance, proper identification and valid calibration records and traceability to known National / International standards of the measuring Instrument(s) / testing equipment(s).
- 3) Non NABL if the calibration certificate(s) for the measuring instrument(s) / equipment(s) used during inspection do not have traceability to NABL / Other certifying bodies, then the scope of review is limited only to technical content in the calibration certificate.

  4) In lieu of table above inspectors may collect master listfrom manufacturer/vendor/sub vendor with all above details clearlyhighlighting the details of instrument(s) / equipment(s) used during inspection.

### Conclusion (Acceptable / Not Acceptable / Acceptance subject to):

Accepted excluding below points

Inspection Activities Carried Out:

1) GAD approval require from client (GAD No - PRS021068 Rev A Dt 27.04.18 & PRS021068-01 Rev 0 Dt 21.06.21)

### Pending Activities from this Visit:

Remaining activity material to be offer for inspection as per Inspection Test plan / QAP.As per QAP.

### Identification of Inspected Item(s):

Not Applicable.

### Areas of Concern:

Refer above conclusion and pending activity from this visit & lock up test witnessed @ 4 bar inlet pressure & 25 SCMH flow and result found accepted however it is observed 50 SCMH on ITP (Sr no 3b) moreover as per PO SR Module Assembly (25 SCMH)

Unscraimer: This IVR shall not be considered as final acceptance of inspected item(s). The final acceptance will be given through Inspection Release Note.

The inspection by TUV India Pvt. Ltd., review of Test Certificates / Reports and issue of Inspection Visit Report does not relieve the Client / Supplier / Manufacturer / Stockiest from their responsibility towards the Client / Supplier / Manufacturer / Stockiest from their responsibility towards the Client / Supplier / Manufacturer / Stockiest is wholly locally responsible for genuineness of the material / Item(s) supplied and document(s) submitted. TUV India's responsibility is only limited to correctness of inspection results including review of the documents, within its agreed scotled for written requirements and neither TUV India nor any of its group companies, associates or employees are in any way (geally responsible for genuineness of the material / Item(s) and document(s). If the celibration certificate(s) for the measuring instrument(s) / equipment(s) used during inspection do not have traceability to NABL / Other certifying bodies, then the scope of review is limited only to technical content in the calibration certificate.
